Rev. 30.07.2011

## **Statement by the President of the IFEH**

On behalf of the International Federation of Environmental Health, I would like to extend our sympathies and deepest condolences to the people of Norway and the Norwegian families directly impacted by the bombing in the central of Oslo City and the devastating shooting on a small island. 77 persons are by now confirmed killed, 8 in Oslo and 69 young persons on the island.

We are deeply saddened by the loss of life and devastation caused by these two senseless acts that occurred on Friday, July 22, 2011. Truly, a sad day for Norway, a nation renowned for its peace efforts. Our thoughts and prayers continue to be with you.

We wish the people of Norway speedy healing from this tragedy and may justice always triumph over evil.

Robert Bradbury  
President
