**SUPPORTING LETTER FROM QUEENSLAND BRANCH OF EHA - PETER
DAVEYS' NOMINATION AS PRESIDENT ELECT IFEH 2010**

Dear Ray

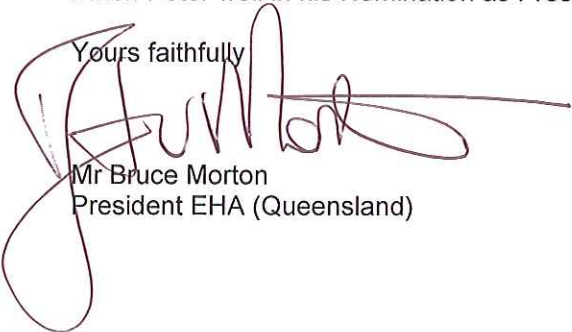

As President of Queensland EHA representing over 400 members, I support Dr Peter Davey's nomination for this position. I believe he will contribute significantly to the position of President Elect IFEH 2010-2012.

Peter has worked tirelessly for the Qld Branch and has been part of the membership since 1974. During this period Peter served in various EHA positions as a committee member, State Treasurer, State and National Conference Organiser and then was elected Vice President and then President of AIEH (now EHA) in the Queensland State Branch over a 6 year term. In this capacity he was appointed as a national Board of Director on AIEH Pty Ltd for 6 years, an Australia non-for-profit company. He has contributed to many local training and university linked events that benefited our local members.

Since 2008 Peter has been Chair of the Asia Pacific Regional Group. Peter has been very active in the Asia Pacific Region over a 15 year period leading up to this appointment, working in partnership to build the capacity of EHOs as an academic at Queensland University of Technology and Griffith University. He has represented EHA at meetings/seminars in Singapore, New Zealand and Hong Kong (in the 1990's) and the last 10 years in Malaysia, Indonesia, China and Vietnam, Pacific Islands and now Mexico. His links between the profession, academia and international links makes him a stand out environmental health practitioner and organisational representative. This was demonstrated with a stand out IFEH World Congress here in Brisbane, Queensland, in 2008 which Peter oversaw the overall coordination off and therefore a significant contributor to its success.

I wish Peter well in his Nomination as President Elect 2010 of IFEH.

Yours faithfully

Mr Bruce Morton
President EHA (Queensland)
