

## **International Federation of Environmental Health**

Message from the Council of the International Federation of Environmental Health as decided at the council meeting held in August 2007 in Nairobi, Kenya:

*The Council of the International Federation of Environmental Health offer their good wishes and support to their colleagues in the Zimbabwe Environmental Health Practitioners Association during this period of unrest. We recognise the difficult conditions under which our colleagues in Zimbabwe are working for the benefit of their fellow citizens and applaud them in their efforts.*
