IFEH President message

23rd April 2019

To:
Public Health Inspectors Union of Sri Lanka,
Sri Lanka

Terror attack in Sri Lanka

On behalf of the Board of Directors and the National member Organizations of the International Federation of Environmental Health, we want to express our shock and sadness to hear of this very unfortunate deed carried out by these terrorists, who killed 359 people and injured 500 more in Sri Lanka. This action by terrorists is condemned by all of us in the IFEH community.

We want to express our deepest sympathies to the families of all the deceased and pray that God gives them courage and strength to deal with this very tragic incident. We pray that the Almighty God showers his richest blessings upon all the families that have lost loved ones, and he gives them the courage and fortitude to deal with their loss.

We pray also that none of our members or their families were victims to this horrific tragedy.

Our thoughts and prayers are with the people of Sri Lanka on this very sad incident that has taken place in Colombo. We pray that the people of Sri Lanka can overcome this incident and move on with their lives.

GOD BE WITH THE COMMUNITY OF COLOMBO, SRI LANKA.

Dr. Selva Mudaly

President – International Federation of Environmental Health
