

**Henroy Scarlett, Dr.PH, MPH, BHSc (Hons), REHS/RS, DAAS, Dip. CH (Hons), Dip. MOF; Dip. PHI**

**President, International Federation of Environmental Health**

Dr. Henroy Scarlett is an environmental public health specialist with over 38 years' experience in practicing, teaching, researching, publishing, and consulting in the fields of environmental health, public health, and occupational health. He is the holder of three degrees (Dr. PH, MPH & BHSc) in environmental health/public health, three professional diplomas in environmental/community health, the Registered Environmental Health Specialist/Registered Sanitarian (REHS/RS) – the highest credential offered by NEHA to environmental health officers in the USA. He is a Diplomate of the American Association of Sanitarians (DAAS) – highest recognition awarded to sanitarians in the USA.

For the past 17 years he has been a lecturer and course leader of the environmental health portfolio in the Faculty of Medical Sciences at the University of the West Indies (UWI), Mona and teaches on the medical undergraduate and graduate programmes in the faculty. He served as the Acting Coordinator of the BSc, MSc and PhD programmes in occupational and environmental safety and health (OESH) in the Department of Chemistry, UWI, Mona (2016-2020). He has also served as an Adjunct Professor/Lecturer, University of Arizona, Mel and Enid Zuckerman College of Public Health, and Kent State University in the USA. Dr. Scarlett has also served as lecturer in environment health at the West Indies School of Public Health/University of Technology Jamaica (1990-2000), where public health inspectors are trained.

He worked as a Public Health Inspector with the Ministry of Health and has served as consultant to the Food and Agriculture Organization (FAO) in Jamaica. He has successfully supervised over 50 graduate level (MPH and MSc) student research theses/projects. Dr. Scarlett has 11 peer-reviewed publications in international journals and has made numerous presentations at local and international academic seminars and conferences. He has been recognized for his work, including by the UWI for **“Teaching Excellence”**; the Jamaica Association of Public Health Inspectors for **“contributions to environmental health education”**. He has received 4 presidential citations and 3 certificates of Appreciation from the National Environmental Health Association (NEHA) of the USA.

He is a member of the Jamaica Association of Public Health Inspectors since 1987 and has served as its president and treasurer; he is also a member of the Jamaica Occupational Health and Safety Professionals Association and served as its president and treasurer; he has been a member of NEHA since 2001. Dr. Scarlett is also a consultant in environmental and occupational health.

In 2016 he became the Chair of the IFEH Region of the Americas and a member of the Board of Directors of the IFEH. He became IFEH President Elect in 2020 and now IFEH president for the next 2 years.
